

1.12. MANAGEMENT OF ADR SAFETY UPDATES

1.12.1. All companies operating in Airside must:

- provide a documented procedure describing the process of receiving, evaluating and then distributing the Safety updates received from ADR (Updates to this Document; Safety Notices; Updates to the Aerodrome Manual) to operators.

1.12.2. All companies operating in Airside must:

- Provide an internal Safety contact person to whom ADR will send Safety updates.
