PRM charges for Fiumicino and Ciampino: proposal of charges update for 2020 and meeting with users of Fiumicino and Ciampino airports in the framework of annual consultations

The Ministerial Decree 107/T of July 24, 2007 designated ENAC as the body responsible for the application of the Regulation of the European Parliament and Council of 5 July 2006, n. 1107, concerning the rights of persons with disabilities or persons with reduced mobility in air transport.

Pursuant to article 14,2 of the Regulation and as confirmed in the model of airport charges regulation issued by the Transport Regulation Authority ("ART") (see 1.4.c), ENAC is the competent body for the definition and periodic monitoring of the PRM charges applied at national airports.

Within the scope of its powers, on August 9, 2018 ENAC published guidelines aimed at defining the methods for determining and approving the annual charges for the PRM service (you can link to: <https://www.enac.gov.it/news/linee-guida-modalita-per-la-definizione-del-corrispettivo-prm>).

For this year's users' consultation, ADR has decided to unify the timelines of the procedures for updating the PRM fees and the fees for the other regulated services, while at the same time guaranteeing for the PRM what ENAC foresees under 6.2.2 (Hearing of Users) of the aforementioned guidelines.

In order to ensure a significant participation of users, by August 10 ADR will publish the relevant documentation on its institutional website (also available in English).

For users' consultation on the proposed update of the PRM charges for 2020 (01.03.2020 - 28.02.2021) ADR has defined the following path:

- August 10: start of consultation with publication of information material
- October 4: maximum deadline for the receipt of a first set of user comments on the information elements submitted for consultation;
- October 15: public hearing with users, voting on the tariff proposal, closing of the consultation.

Proxies signed by the legal representative of the company as disciplined by ENAC under point 6.2.2 of the PRM guidelines must reach the following email address: infoutenti@adr.it by 9:00 am on October 15th.

In the event of an agreement between the airport manager and users regarding the level of the proposed charges, the minutes of the meeting underwritten by the parties will be sent to participating users, the Users Committee(s), ART, the Carrier Associations and ENAC.

ENAC will notify IATA for their updating of the ticketing systems at sales agencies with at least 60 days' notice of the effective date of charges update. At the same time, ENAC and the airport manager will publish the new charges on their respective websites.

The public hearing scheduled for October 15th will be held from 2.30 pm at the Garden Inn hotel, Via Vittorio Bragadin 2, 00054 Fiumicino, jointly for the users of Fiumicino and Ciampino.

During the meeting, ADR will provide full information on the main issues relating to the PRM service and the construction of the charges update. That shall include:
